Ballet Company Enthused With Field House, Audience

By HOOVER OGATA

"The members of the orchestra are amazed at how easily the Field House was made into a theater," said Louis Di Fazio, Philadelphia. Di Fazio is a flutist in the orchestra which played with the Ballet Russe de Monte Carlo Monday night.

"The only complaints I've heard," said the man who sold dollar programs at the concert, "was that the backstage had no proper place to wash or dress." This minor difficulty didn't seem dampen either the enthusiasm of the 2,200 people or the pace of the dancing.

Dancer Grateful

"You can tell by the way they moved, that the dancers were pleased and grateful for the applause," said Mrs. Grace Cooper,

Ballet Performers Impressed With University Class

Nina Novak, Yvonne Chouteau, Anna Borowski, Deni Lamont, and Jerry de Mari, all dancers with the Ballet Russe de Monte Carlo company, visited the MSU ballet classes Monday afternoon in the Student Union, according to Professor Grace Cooper.

The ballerinas were impressed with the discipline and work which the class accomplished in two weeks, according to Mrs. Cooper. They were interested in the fact that MSU gave time and credit for the classes and regular professional instruction was given. Most universities give classes in modern dance, but very few give professional ballet classes, Mrs. Cooper said.

The touring ballet company allowed all MSU ballet students to attend rehearsal Monday afternoon, which is very unusual, said Mrs. Cooper. After the rehearsal, Mrs. Danielson said there were more MSU ballet students than performers in the entire ballet company.

In talking of the ballet company, Mrs. Cooper remarked that the dancers have had to practice in pails and hotel rooms on this tour. The inconveniences caused so many sprains and strained ligaments, that the dancers all but had to give up the six hours of practice a day.

visiting professor of dancing.

The crowd was obviously pleased.

The Field House as a theater holds 3,000 people, according to Robert Breen, Field House manager. At the Ballet Russe de Monte Carlo performance, there were 2,250 people.

Men started to install the theater Jan. 17 after the Foresters' ball, according to Breen. It is the largest temporary stage in the northwest, he said. The only stage in the west which is bigger is at the Cow Palace in San Francisco.

The program proceeded from Gertrude Tyven's fluttering, throbbing limbs, as the queen of the Swans in the second act of Tchaikowsky's Swan Lake to the lively dancing of the Mikado and Le Beau Danube. The audience seemed to prefer the latter two.

"The dancing in 'Cirque de Deux,' was clever," said Mrs. Cooper. "The 'Mikado' and 'Le Beau Danube' were delightful.

Frederick Franklin as Katisha, an elderly lady, titillated the audience with his dancing and pantomime in the "Mikado." The audience was also amused by the two pages in "Cirque de Deux."

Children from Missoula ballet classes crowded about the stage door after the performance getting autographs. They had been allowed to attend the concert through the courtesy of the Community Concert committee which arranged the program.

CONTESTANTS FOR SKI MEET MUST ENTER BY TOMORROW

Entries for the Ski meet Saturday at Diamond mountain must be in by 3:30 p.m. Thursday for the ski club meeting. The meet will be at 9 a.m., Saturday.

Numbers will be given to the contestants at the meeting and no one will be permitted to participate in the events unless he has a number. A deposit of 50 cents per number will be charged.

'bout the Size of It

Ski Club meets tonight at 8 p.m. in LA 103, according to Dave Penwell, Billings, president. All members are asked to attend, because Sentinel pictures will be taken during the meeting.

McFarland Gives Report On Policy for the Lodge

A preliminary statement of policy about use of facilities in The Lodge has been issued from the office of Pres. Carl McFarland, the statement defining the facilities involved, types of potential users, nature of uses, and system of charges.

Present plans call for the Lodge facilities to be in operation some-

time in February, or soon after.

The policy report states, "There will be many and various demands to use it, and there are already a number of misconceptions about its nature and possible or permissible uses. These misunderstandings are no doubt in part due to the fact that (1) it is a complicated structure, (2) differently related groups will want to use it, and (3) it will be desired for divergent uses. Not merely one, but all three of these factors, will probably arise in connection with any particular request for the use of the building," said McFarland's report.

In order to formulate a policy,

descriptions and tentative proposals were set down.

Facilities Involved

"The Lodge is really three buildings — the west half is a dormitory Food service, the east half is a Student Union, and the two may be specially combined under some circumstances. Since it is a building with at least two separate identities which must operate every day the University is in session, any special uses of the building must be reasonably subordinate to those regular daily uses.

Food Service

"No groups can be accommodated in the main dormitory dining room, the Cascade room, at meal times without dispossessing the regular boarders. Although on special occasions arrangements might be made, such occasions should be rare and the circumstances very special."

The report states that there is, in addition to the Cascade room, "a small room equivalent to the Eloise Knowles room in the old student union quarters, and another larger room partially enclosed which may serve in place of the old Bitterroot room for food service."

Student Union

Somewhat the same situation exists in the SU half of the building, the statement points out. "Here the basement is a game room, which should be available to the students at all times. The main floor consists of a small lounge and the new location for the Student Union 'coke store' (to be called the Grill), both of which should be available to the whole student body at all times.

"The north third of the upper floor is for student government offices, which are usable for no other purposes, and the remainder is a large ballroom or meeting room (to be called the Yellowstone room) which in effect replaces the Gold room of the old Student Union. Part of the south side of the Yellowstone room may be converted by movable partitions into three smaller rooms for meetings or other uses."

(Continued on page four)

Glacier Rink Dedication Set This Sunday

The formal dedication of MSU's new Glacier rink, has been scheduled for 8 p.m., Sunday, according to Jane Baier, Great Falls, project chairman.

The dedication program will feature figure skaters, with costumes, special lighting and organ music. It will include solo numbers, duets, a comedy act, dance numbers and a group number, Miss Baier said.

Featured in solo numbers will be Carl Neufelder, Butte, Montana Senior Men's Champion; Ellen Sweeney, Calgary, Alberta, Canadian Gold Medalist; and Carmen Thorson, Great Falls, Montana Junior Ladies Champion.

Floodlights for night skating and towers with spotlights have been installed for use in the show, Andrew C. Cogswell, director of Public Service, announced.

Arrangements for the show are being made by members of the Women's Recreation Association. WRA officers are Nan Hubbard, Missoula, president; Jane Baier, Great Falls, vice president; Kay Calvin, Miles City, secretary; and Pat Grant, Butte, treasurer.

Off the U.P. Wire ... Formosa Defense Okayed by House

The House of Representatives has voted 409 to three to give President Eisenhower all the power he needs to stop Communist aggression against the Chinese Nationalist stronghold of Formosa and nearby islands. The Senate will probably get the resolution this afternoon and is expected to vote approval although there are indications some Senators may be hesitant.

A 50-year-old Farmer

was shot and killed yesterday near Fort Benton after a dispute over water rights. Chouteau county sheriff Jack Bradley said the victim has been identified as Lee Bixby, a farmer residing north of Carter, a little farming community with a population of about 150 persons south of Fort Benton.

Officers are holding Art. L. Laubach, who lives on a farm near Bixby's. The farmer died instantly after he was shot with an unknown number of slugs from a .357 Magnum pistol. About eight persons witnessed the shooting which is reported to have been over rights to a community well.

Veterans Club Selects Group To Study Jobs

The MSU Veterans club named an eight-man committee at its meeting last night to survey the downtown business area for a proposed employment service, according to John Adamson, Billings, secretary-treasurer of the club.

The committee will contact business men in the downtown area concerning jobs for members of the Veterans club.

Each member of the club will fill out a form stating his previous work experience, and the committee will make a continuing effort to find employment for members of the club, Adamson said.

Any veteran on campus is eligible to become a member of the club, and benefit from the employment service as well as other activities of the club, according to Adamson.

Russ Svingen, Savage, was appointed chairman of the club's publicity committee.

Lew Rummerfield, Missoula, chairman of the club, discussed a new form of student government with Don Chaney, Livingston, ASMSU President, Adamson said.

The new form of government, the type that is used at the University of New Mexico, has executive, legislative, and judicial sections. It is, in many ways, similar to our national government. The Vets club plans to take an active part in promoting this type of government on the campus.

The next meeting of the club will be next Monday evening, and every two weeks from then on. The meeting dates were changed to avoid conflict with other organizations.

Today's Meetings

Phi Delta Phi, noon, Eloise Knowles room.

WRA, Student Union auditorium, 4 p.m., Sentinel pictures. House managers bring list of skiers.

Math club, 7 p.m., Eloise Knowles room.

Pan Hellanic, 8 p.m., Make-up room, Student Union.

Canterbury club, 8:15 p.m., LA103.

President Will Address PDP Legal Fraternity

"Appellate Practice" is Pres. Carl McFarland's topic when he speaks today at a luncheon meeting of Phi Delta Phi legal fraternity in the Eloise Knowles room.

Guests at the luncheon will be pledges Gerald Krieg, and Rich Allen, both of Billings, and Rae Kalbflesch, Shelby.

President McFarland was president of Phi Delta Phi in 1930. While an attorney in Washington, D.C., he practiced before federal courts including the supreme court of the United States.

While he was in Washington he served as Assistant Attorney General of the United States. He is a noted authority in the field of administrative law and was awarded one of the thirteen gold medals given out by the American Bar association to famous lawyers.

Serious Matter Brings a Few Chuckles ...

Pat Eyer, senior Central board delegate, (seated on the arm of his chair in the picture at the left) reports to the board on his committee's Aber day findings. Of the 109 students questioned, approximately 100 favored Aber day in one form or another. Others in the picture at the left are (l to r) Larry Gaughan, senior delegate, Prof. Edwin Briggs, faculty adviser, and George Lambros, sophomore delegate. A suggestion to dig a moat around North hall on Aber day brought several chuckles from the group, including the officers above. They are (l to r) Shirley DeForth, secretary, Don Chaney, president, Pat O'Hare, vice-president, and Joan Bachman, business manager.

MSU Students on the Air . . .

MSU talent goes on the air to aid the March of Dimes program. Students pictured above and several others participated in the Saturday afternoon and Monday evening request programs on radio station KGVO. John Vohs, Williston, N.D., left, and Bill Drum, Miles City, right, (top picture) acted as masters of ceremony on the two shows. Don Stagg, Butte, one of the piano players, is seated in the background.

Requests for the program were made by phone and with each request a donation was made to the March of Dimes.

Berta Huebl, Glendive, (bottom left) and Art Dahlberg, Butte, (bottom right) combine action with words to please radio fans. Paul Hartley, Billings, is accompanist for Miss Huebl and Gaye Harding, Dickinson, N.D., for Dahlberg. Jeanne Couture Kostelic also performed Saturday afternoon.

Monday night performers were Arnie Carruthers and his orchestra, Miss Huebl, and the Four Jacks and a Jill. This last group consists of Pat Fox, Hardin, Bob Thorton, Lewistown, Jim Beadle, and Larry Nitz, Red Lodge, and Kay Mueller, Bozeman.

The March of Dimes program gets underway on campus this week under the direction of a combined Spur and Bear Paw committee. Your contribution may mean a lot to some polio-stricken student.—B.N.

Bear Paws Slate Candidate Projects

"Soon we will begin our work projects for interested freshman Bear Paw candidates," John Fowler, Chief Grizzly of the sophomore men's service organization announced.

"We choose our new members in the spring. To be eligible, one must be either a first quarter sophomore or a third quarter freshman. No one is chosen who has failed to maintain a C average," Fowler said.

Interested men should drop their name in the suggestion box in the Student Union or give it to any Bear Paw. "We tap our new Bear Paws, (25 is the maximum)

at the first Singing-on-the-Steps next fall," Fowler said.

Several smokers are planned for prospective members at the Lodge. Fowler asked that those interested watch for notice of projects in the Kaimin.

"The amount of work a man does during his freshman year is one of our main guides in choosing new members," Fowler said. "Those who indicate they are interested will be interviewed late in spring quarter before we make our selections."

MSU, Missoula Hockey Fans Join Hands in Forming Team

Hockey fans from MSU and Missoula have formed an 18-man hockey team, complete with equipment, a schedule, and a hockey rink.

According to Coach Tom Clark, Missoula, there are nine men from the United States, and nine from Canada on the team. There are also coaches, managers, and an official score keeper. Coach Clark is a junior in education at MSU.

The hockey rink will be established on the mill pond at Milltown, a few miles east of Missoula.

Clark said that lumber for the rink crash fence, hockey equipment, and time and labor were donated by local businesses, one of which will sponsor the team trips. Since the team is not sponsored by the University, some of the 23 people in the group are Missoula residents not attending MSU.

The first contests will be held in Butte on three consecutive week ends. Next Sunday the Missoula squad will meet an intermediate team from Creston, B.C. in Butte. The following two week ends they'll travel back to the mining city to play the Calgary Canucks Feb. 6 and the Butte All-Stars Feb. 13.

A return game will be played in Creston on Feb. 19, and possibly two more in Cranbrook and Fernie, B.C.

Players by position are: forwards, Howie Gibson, Bob Stephenson, and Roy Jardine, Calgary, Alta.; Bob Taber, Missoula; Tom Uphill, Fernie, B.C.; Bob Thachuck, and Orest Haydey, Willingdon, Alta.; Jim Gray, Bill Sanders

and Jim O'Brien, Butte; and Fred Leitch, Kalispell.

Defense: Gil Bullok, Escanaba, Mich.; George Merrick, Perth, Ont.; Bill Fahey, Grand Forks, N.D.; Rich Fevold, LaGrange, Ill.; and Wally Decker, Calgary.

Goal: John Powell, Calgary, Alta.; Harry Vorath, Missoula.

Official coach, Tom Clark, Missoula; assistant coach, Dr. Willard Nicholl, Missoula; manager, Bill Wingfield, Butte; assistant manager, Lloyd Brynie, Butte; and score keeper, Lawrence Wong, Calgary.

The Montana KAIMIN

Established 1898

The name Kaimin (pronounced Kimeen) is derived from the original Salish Indian word and means "something written" or a "message".

The accent was on offensive Friday night at Logan as Utah State Farmers thrashed the Grizzlies, 86 to 61. Across the page, Ed Bergquist of Montana fires at the hoop as Zip Rhoades (17), Bart Johnson (11), Ray Howard (11) and Dell Brown (8) move in for rebound. Rhoades fires a thump flip over the outstretched hand of Pat Dunn while Dave Adams watches. Rhoades attempts to corral Utah State's Dave Anderson but Adams (17) fouls from behind. Argenbright (9) attempts to rebound despite the antics of Dave Anderson (10).

Silvertip Distance Splasher . . .

Doug Dawson, distance swimmer for the Montana Grizzlies, placed first in the 400-yard freestyle against Eastern Washington at Cheney Saturday afternoon. His time was 5:46.3. Dawson was second to Holz of Idaho in the same event at Moscow Friday. Holz hit a 5:41.2. Montana lost to the Idaho tankmen 55-28, but came back to trounce EWC 61-19 Saturday.

Silver Tips

By KEN BYERLY

With Bobcat week end approaching, Coach George "Jiggs" Dahlberg hopes to improve upon his Grizzly coaching record of 33 wins and 22 losses against MSU's cowtown rivals. The Silvertips have won 59 and the Cats 84 since the origin of the rivalry.

The Bobcats are a balanced scoring team if there ever was one. Veteran forward Bill Salonen of Butte paces the Bozeman squad

with an even 11 point average for 15 games. Freshman centers Jack Oliver of Chicago and Jack Roberts, Minneapolis, are averaging 10.8 and 10.5 respectively. Guard Fred Ingaldson, Winnipeg, Manitoba, has a 10.7 average and frosh Ted Carter of Livingston owns a 10.2 mark. Six others are hitting better than three points a game.

Compare this with Grizzly statistics showing three men connecting at 10 or more per game and four hitting better than three per contest.

Six members of the Bobcat variety are freshmen and four of the top six squad scorers are frosh. Included in this fuzzy-cheeked brigade are Jack Oliver, 25, and Kenny Funk of Bozeman, 24.

John A. "Cat" Thompson, member of the fabulous "Golden Bobcats" of the 1920s and four-time All-American, scored 1539 points in his last three years as a Bobcat. This, in the years of the center jump and the 20-17 final score, would be the equivalent of about 35 a game now. In 1928, the Bozeman outfit won 36 games and lost two. The following year they lost but one of 37 clashes.

Dennis Casey, sophomore from Wolf Point, may be a surprise starter against the Silvertips Friday night. He paces the Bobcats at the free throw line with a .786 mark. The Bobcats are hitting nearly 40 per cent from the field, led by frosh center Oliver who has bucketed 46 per cent.

Roses and orchids for two Grizzly freshman track stars last spring. NCAA statistics reveal that Connie Orr, Missoula, ranked fifth among all freshman performers in the 220-yard low hurdles with a 23.9 mark. Tom Roe cleared the high jump bar at 6'3", good for sixth in the country.

Howard, Rhoades Rank With Top 10

Two Grizzly hoopsters, Ray Howard and Rudolph (Zip) Rhoades, rank seventh and ninth, respectively, among the top scorers in the Skyline conference. On the basis of conference games, the Skyline's leading scorer is Utah's Art Bunte, with an average of 21.8 points in six contests.

Conference Scoring				
Player	FG	FT	TP	Avg.
Bunte, Utah	49	33	131	21.8
Tebbs, BYU	40	31	111	18.5
Pedersen, BYU	38	31	107	17.2
Brott, Denver	27	26	80	16.0
Johnson, USAC	23	33	79	15.8
Kinard, Colo. A&M	36	21	93	15.5
Howard, MSU	29	19	77	15.4
Hibbard, Colo. A&M	35	20	90	15.0
Rhoades, MSU	25	23	73	14.6
Jorgensen, Wyo.	25	34	86	14.3

Brott, Johnson, Howard and Rhoades have participated in five league tilts, the others in six.

For all season games, Howard is fourth-ranked among Skyline players with an average of 18 points in 13 contests. Utah State's Bart Johnson tops the field with an average of 21.2.

All-Season Scoring				
Player	G	FG	FT	TP Avg.
Johnson, USAC	13	91	94	27.6 21.2
Bunte, Utah	15	105	75	28.5 19.0

Planetarium Will Project Stellar Scenes on Dome

By JIM FARRELL

MSU's Scheuch Memorial planetarium, which is being installed in the fine arts building, will be capable of projecting stars, planets, and other stellar phenomenon observable to the normal eye during both night and day in the northern and southern portions of the skies, according to Harold Chatland, dean of the School of Arts and Sciences.

The heavens will be cast upon the dome of the planetarium by a Spitz projector, a relatively new type of machine which retains many of the features of the larger projectors, while selling at the comparatively lower price of \$4,500.

Penwell Says Ski Week End Big Success

A torch-light parade atop Big Mountain highlighted the activities of the Ski weekend at Whitefish for 93 ski enthusiasts who attended this year's event. All told, 43 girls and 46 boys made the trip, together with four chaperones, according to Dave Penwell, Billings, Ski club president.

Aside from the torch-light parade, Saturday night's entertainment was centered around a buffet style dinner, followed by a dance at the Chalet. Friday's entertainment featured night skiing for the group. Sunday evening the group returned to Missoula.

"The accommodations were excellent and snow conditions were good," commented Penwell, "and I think everyone had an enjoyable time."

Penwell added that there wasn't a single accident at this year's meet, setting what is believed to be a record for the skiing group. Chaperones for the weekend event were Major and Mrs. Edwin Frost and Mr. and Mrs. James Faurot.

Because of the tremendous success of this ski weekend, Penwell stated that the club plans to hold another ski weekend sometime this quarter. "Nothing definite at this time," he added.

The Great Falls Tribune covered this year's ski festival.

President Discusses Policies for the Lodge

(Continued from page one)

Potential Users

The statement lists six classes of potential users for Lodge facilities.

(1) Student boarders will be accommodated at mealtimes in the Cascade Room as indicated previously. (2) The whole student body will use the Grill, the Lounge and the game room practically all the time. (3) The University itself, through its faculty and administration, will have a reasonable call on the use of the building for University purposes. (4) University organizations will also desire to use these facilities as they have heretofore done, and they will be accommodated so far as reasonably practicable. (5) Guests are another class of users when they are being entertained by any of the foregoing. (6) Outside organizations will also desire to use the facilities.

"Use of the facilities by outside organizations will not be essentially different from any use by them of the similar facilities previously existing. However, such uses must now necessarily be

ably easier if the lathing is done right.

Swearingen said that the dome should be complete in a "couple of weeks." After that, the projector will be installed by Dean Chatland and the planetarium will be complete. The planetarium will be open to all MSU students.

quite limited except in very special cases. The reason for the latter is that there will be barely adequate room to care for the student body and other University purposes in the building, according to the report."

"One of the purposes of the new building is to have a facility which will be open primarily to University students at all times except during sleeping hours. However, outside organizations may often be in the building for University purposes, as when committees, organizations or groups meet on University matters or as guests for University purposes," McFarland's report stated.

Nature of Uses

"As indicated . . . the east half of the building will be constantly utilized primarily for purposes, including social, heretofore accommodated in the old Student Union, and the west half of the building will be primarily devoted to food service for student boarders. No liquor will be allowed on the premises, of course, and no activities will be permitted which transgress the limitations of morals and good taste," it was reported.

There will be times when the major part of the combined facility will be utilized for official University purposes such as public exercises, alumni homecomings, and the accommodation of high school or other visitors from out of town."

Student Uses

In regard to income, the report says, "Individual student and student government groups will use the Student Union portion of the building without charge other than their usual Student Union fee. Student food service will be compensated as heretofore by regular or per meal charge. Two other situations will require some special attention:

"Social uses by University organizations: When University organizations use the building for social purposes the matter of charges should be handled locally in the same fashion as the past in the old Student Union. Where there are charges, a schedule of rates should be specified.

"Money-making uses by University organizations: A difficult point will be the use of the building by University organizations for University purposes, which such use involves money-making. In that situation there should be a schedule of charges, special arrangements in much the same fashion as the Field House.

"Since these are self-supporting and self-liquidating projects (the Student Union and the Field House service), money-making use should pay as much of the and maintenance bills as reasonably possible. This policy must be worked out, and probably it will have to be done piecemeal for a while," McFarland's report said.

ALL NEW! LUCKY DROODLES!

A STUDENT'S BEST FRIEND is Lucky Strike. At any rate, the greatest, up-to-date college survey shows that college smokers prefer Luckies to all other brands—and by a wide margin. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Luckies taste better anywhere, any time, as illustrated in the Doodle

above, titled: Skier enjoying Lucky while whooshing under bridge. Next time you make tracks to a cigarette counter, Be Happy—Go Lucky. Enjoy the better-tasting cigarette... Lucky Strike.

STUDENTS!
EARN \$25.00

Lucky Doodles* are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So send every original Doodle in your noodle, with its descriptive title, to Lucky Doodle, P. O. Box 67, New York 46, N. Y.
